RESIDENT SCHEDULE OF CHARGES LIST REVISED

Effective April 1, 2018

As stated in HUD Federal Regulation 24 CFR§ 966.5 *Posting of policies, rules and regulations*, schedules of special charges for services, repairs and utilities and rules and regulations which are required to be incorporated in the lease by reference shall be publicly posted in a conspicuous manner in the Development Office and shall be furnished to applicants and tenants upon request. This regulation further provides that such schedules, rules and regulations may be modified from time to time by the PHA provided that the PHA shall give at least a 30-day written notice to each affected tenant setting forth the proposed modification, the reasons therefore, and providing the tenant an opportunity to present written comments which shall be taken into consideration by the PHA prior to the proposed modification becoming effective.

24 Code of Federal Regulations § 966.4(b) (2) *PHA charges* provides in relevant part that the lease shall provide for charges to the tenant for maintenance and repair beyond normal wear and tear and for consumption of excess utilities. This regulation further provides that the lease shall state the basis for the determination of such charges (e.g., by a posted schedule of charges for repair). Additionally, 24 CFR § 966.4) (f)(10) obligates the tenant to pay reasonable charges (other than for normal wear and tear) for the repair of damages to the dwelling unit, or to the development (including damages to development buildings, facilities or common areas) caused by the tenant, a member of the household or a guest.
